

# I've Got a Book in Me Worksheet

## Step 1 to Get Your Mind Right to Write

- Got a book idea in you?
- Know what you want to write about?
- Have you decided on a title?
- Got a subtitle in mind?
- Who is your target reader?
- Are you passionate about the subject?

**Write a brief paragraph or two about why you want to write this book and how it will benefit your readers.**

Congrats! You have completed a first step for getting a little clearer about this book that's in you. The more you write what's in your head, the more real the book will become.
